SUMMARY

Results-driven Computer Science undergraduate with hands-on experience in **full-stack web development**, **object-oriented programming**, and **RESTful API integration**. Proficient in **Python**, **JavaScript**, and **Java**, with strong foundations in **data structures and algorithms**. Adept at developing scalable applications using **React.js**, **Django**, and **SQL databases**. Enthusiastic about solving complex problems and building user-centric digital solutions.

TECHNICAL SKILLS

- **Languages:** Python, JavaScript, Java (Core), SQL
- **Frameworks & Libraries:** Django, Django Rest Framework (DRF), React.js
- **Web Technologies:** HTML5, CSS3, JSON, REST APIs
- **Tools & Platforms:** Git, GitHub, Postman, VS Code
- **Concepts:** API Integration, JWT Authentication, Agile Development.

PROJECTS

1. Full-Stack Projects (Django)

- **Hotel Booking System** – Developed an interactive booking platform with availability check, user login, and admin dashboard using Django.
- **Quiz REST API** – Created an API for dynamic quiz generation and evaluation using Django Rest Framework.
- **E-Commerce Platform** – Built a fully functional shopping site with product listings, cart, checkout, and order tracking.

2. Frontend Projects (React.js)

- **Gaminzo** – Designed and developed a responsive, animated landing page for a gaming app using modern web technologies.
- **Food Ordering App** – Designed a seamless food selection and cart feature using React state management.
- **OTP Input Component** – Built a dynamic OTP input handler with validation and error handling.

EXPERIENCE

Software Development Engineer– Wealth Fino (Bangalore)

June 2025 – Present

Tech Stack: Django, Django Rest Framework, React.js, PostgreSQL, REST APIs

- Developed and maintained scalable full-stack web applications for fintech platforms using Django and React.js.
- Designed and integrated RESTful APIs, ensuring seamless communication between backend services and dynamic frontend.
- Implemented secure user authentication systems using JWT and optimized database queries to enhance performance by 30%.
- Collaborated closely with UI/UX teams to create responsive interfaces, improving client engagement and satisfaction.
- Applied Agile methodologies to deliver sprint-based updates and maintain high-quality code via Git-based workflows.

EDUCATION

Integral & Innovative Sustainable Education College, Affiliated with Lucknow University,
Bachelor of Computer Applications (BCA) (CGPA - 7.93)

Lucknow, Uttar Pradesh
Oct 2022 – July 2025

CERTIFICATIONS

- Frontend Developer (React) Certificate– HackerRank
- SQL (Intermediate) Certificate – HackerRank
- Python (Basic) Certificate – HackerRank
